New Record Is Set For Cleanup Week

One hundred and twenty loads of refuse were hauled to the city dump near the disposal plant during the past seven days when the city conducted its annual cleanup campaign.

Service Director Frank Wilson said he was satisfied the amount of rubbish collected was more than the number of loads gathered last year.

The cleanup drive started last Tuesday and ended at noon yesterday. The workers were delayed the day last week by a rainstorm.

Today, the service director placed men, together with relief workers, at work cleaning dirt from the city streets.

125 Workers Seek Funds For Chest

Teams Will Make First Report Tonight In Annual
Welfare Drive; \$17,700 For Eight Institutions, Is Goal

More than 125 workers today launched a vigorous two-day campaign in behalf of Salem's Community Chest, with \$17,700 as the goal.

The workers will submit reports on their first day's activities at dinner at 6:30 this evening in the Memorial building. Final reports are scheduled for Thursday evening.

In making their reports tonight, teams will announce the percentage of quota which each has attained, rather than merely the amount of money given or pledged, although the total amount subscribed to all teams will be computed.

Instructions to the workers were issued at a dinner meeting last evening in the Memorial building by General Chairman H. C. Hurlburt and W. L. Hart, chairman of the executive committee.

Eight Teams in Action

Eight teams, in addition to the executive group, are in action today. Under a new arrangement this year, two teams from the recently organized Junior Chamber of Commerce are soliciting the residence areas; Team No. 3, women's group, the non-resident concerns, churches, lodges, etc.; Team No. 4, local merchants; No. 5, the schools; No. 6, the shops; No. 7, professional, insurance, real estate men and others; No. 8, the suburban districts.

The object of the campaign is to raise funds for the operation of eight community institutions during the year. They are: Salem City hospital, Red Cross, Memorial building, Home for Aged Women, Boy Scouts, Salvation Army, Central Clinic hospital and the Friendly Council.

A new civic group, the Junior Chamber of Commerce, made its appearance at last night's meeting.

Denies Injunction To Bar School Sale

LISBON, May 25.—Common Pleas Judge W. F. Lones Tuesday denied a petition for an injunction restraining the Unity township board of education from selling the Chain school house in that school district.

The court, however, enjoined the board from selling the land on which the school building rests. The action was filed week by Willis and Elizabeth Burt, R. D. 1, East Palestine.

The petition was based on a grant issued in 1854 by Solomon Rauch stipulating that the half-acre involved must be used for a school building. The petitioners declared that the proposed sale violated terms of the grant.

Two other rural schools will be abandoned this year. These are Saratoga and Mt. Pleasant buildings, located near Lisbon. Pupils will be transferred to Elkton when school opens in the fall.

MORGAN HURLS TVA CHARGES

Claims Directors Lilienthal, H. A. Morgan Falsified Reports

(By Associated Press)
WASHINGTON, May 25.—Arthur E. Morgan charged today that two Tennessee Valley Authority directors—H. A. Morgan and David E. Lilienthal—participated in falsifying a report on TVA negotiations for the purchase of utility properties owned by the Commonwealth and Southern Corp.

A. E. Morgan, ousted chairman of the TVA, testified before a 10-man congressional inquiry committee, elaborating on charges he had made previously against the other two directors.

After making a general charge that "collusion, conspiracy and mismanagement" had characterized the administration of the TVA, the tall, grey-haired former congressman said Lilienthal made a "persistent attempt" to convince the public that Commonwealth and Southern was arbitrarily refusing to sell its properties.

The Buckeye Boys State, as it is called, is sponsored by the Ohio department of the American Legion. The mythical government which the boys from throughout the state operate while they are in Columbus provides practical lessons in state, city, county and federal government, under actual working conditions.

Boys who have attended previous Boys State sessions are enthusiastic in their praise of the program. Sunday, June 26, is visitors' day when all parents are invited to day to Columbus and witness the "government" in operation.

Jury Is Impaneled In Damage Action

LISBON, May 25.—A jury was impaneled this morning to hear the case of William Imboden of East Palestine vs. Vera Poulton of R. D. 1, Columbiana.

Imboden is suing the defendant for \$5,000 damages as the result of a traffic accident which occurred on Main st., Columbiana, Sept. 24, 1936. The plaintiff asks \$5,000 personal injury damages and \$600 for damages to his car.

The defendant is alleged to have driven a machine into the rear of the automobile operated by the plaintiff.

Ten Perish As Huge Plane Falls In Flames

Ten persons, including seven passengers, met instant death when a Douglas Mainliner, flying from New York to Cleveland, fell in a ravine near Cleveland just ten miles short of its goal. Photo shows all that remained of the giant ship which, witnesses say, was burning as it crashed.

KELLY READY TO RETURN TO JAIL

Says He'll Waive Extradition; Awaits New York Authorities

Judy Kelly, aged about 47, chief figure in a widely-publicized homicide, N. Y. murder case, who was nabbed by Patrolman Clifford Todd here Monday night, waived extradition today and told Salem authorities he would return to Auburn prison in New York state where he is wanted for violation of his parole.

Police Ralph Stoffer received a telegram from Warden Joseph H. Brophy of the prison last yesterday, announcing that parole officers were on their way.

In District Several Months
Kelly, it was learned today, has been residing in the vicinity of Salem for several months. He has worked as a farm hand on farms just east of Columbiana, near North Lima and at New Albany, just north of Salem.

Officers of the Salem state highway patrol station had been watching for Kelly as the result of a tip furnished by a farmer who discharged Kelly.

Although Kelly served 16 years in the Auburn prison for the murder of a woman, he was released in 1933.

Cigaret Dealers Buy 320 Licenses

LISBON, May 25.—Cigaret dealers had purchased 320 vendors licenses when the deadline for the permits expired Tuesday evening, according to figures submitted by County Auditor John Irwin's office.

The total may be considerably increased by today's mail, the auditor indicated. Letters postmarked May 24 will be honored by the office. Last year 427 licenses were sold.

The licenses at \$25 each went on sale here May 15.

One Dead, One Wounded, One All O. K. In Lively "Battle of Jennings Ave."

Two members of the Salem police department—Paul Ormsby and George Reash—got more than they bargained for when they went out to shoot a mad dog on Jennings ave., yesterday.

Sighting the animal on a lawn, Ormsby, rifle in hand, got out of the cruiser and fired at the dog. He fired again, both 22 caliber bullets striking the dog.

Instead of rolling over like all nice dogs do when they're shot, this "mutt" charged at the officer.

Ormsby backed up, pumping additional shots into the animal.

Lutherans To Rally In Canton Tonight

A delegation from the Holy Trinity English Lutheran church, headed by Rev. George D. Keister, pastor, will attend the 20th anniversary celebration of the United Lutheran church in America at Canton tonight.

Speakers will be Rev. A. A. Zink of the Redeemer Lutheran church of Milwaukee, Wis., and Rev. Raymond D. Wood of the St. Luke's Lutheran church of Florence, S. C.

The purpose of the anniversary celebration is to revitalize the work of the Lutheran church, to win the unchurched and to cultivate the spirit to give sacrificially, Rev. Keister said.

The United Lutheran church is the largest Lutheran body in America and in all the General Synod, the General Council and the United Synod of the South. These groups were brought together in 1918. The oldest Synod in America, the ministerium of Pennsylvania, which was organized Aug. 15, 1748, is a member of the national organization.

G. S. WHITSLAR, PROMOTER, DIES

Raised Funds For Salem City Hospital In First Campaign

Funeral service for Grant S. Whitslar, 73, nationally-known promoter, who began his career in Salem, will be held at 1 p. m. Thursday at the Rinear-Lambert Funeral home, 13136 Euclid ave., Cleveland.

Whitslar died Sunday night at the home of his niece, Mrs. Helen Alburn, in Cleveland.

He received his start in promotional work in 1912 when he and Bert Wells, brother of the late W. E. Wells of Newell, W. Va., conducted the first City Hospital campaign.

This was his first promotional campaign. The pair returned to Salem in 1913 to conduct the hospital's second drive.

Originated Old Home Week
Whitslar was well-known for his promotional work throughout the nation. He was the originator of Old Home Week in Youngstown and made this event such a success that numerous other cities followed suit.

He once organized a drive for Villa Maria convent for \$150,000, besides organizing similar drives for the Y. M. C. A., Y. W. C. FLAMING SHIP PLUNGES INTO MUDDY RAVINE

Bodies of Nine Men and One Woman Taken
Out of Charred Wreckage of Twin-Motored Airliner

TRAGEDY CAUSE IS MYSTERY

John Brostuen, Republican State Chairman
Of North Dakota, Is Victim; Others
Are Business Men

(By Associated Press.)

CLEVELAND, May 25.—Firemen lay the bodies of nine men and a woman on the bottom of a muddy ravine today alongside the torn and charred remnants of a twin-motored airliner which plummeted inexplicably to earth only eight miles from a scheduled landing.

The two pilots, the stewardess and all seven passengers died as flames leapt at the wreckage of the United Air Lines ship, bound from Newark to Chicago via Cleveland.

Among the passengers was John Brostuen, Republican state chairman of North Dakota, who was returning to his Alexander, N. D., home from a Washington conference with his state's senators.

The plane, flying under a clear sky, swooped toward earth within sight of Cleveland airport.

It clipped off the tops of trees two feet thick and plunged into a natural grave in the wooded gulley.

MOTOR AND WING SHEARED OFF

One of the motors was sheared off and left atop a side of the gully, 25 feet from the plane itself, which landed in a mass of wild grape vines. A wing was left 75 feet from the two trees it clipped off.

Firemen in suburban Independence village, near the scene of the crash, battled the flames for several hours and dug into the smoke-topped debris for the bodies, from which the clothes had been burned almost entirely.

Then department of commerce inspectors searched the wreckage for some clue that might throw light on the cause of the crash.

United Air Lines listed the dead, besides Brostuen, as:
L. Arthur Doty, 42, of Watertown, Mass., who was enroute to Chicago to attend funeral services for his brother Harold, who had died only a few hours before.

C. F. Lickel, New York business man.
R. P. Morrell, New York salesman.
J. R. Moffett, Chicago.

E. H. Vebelin, 43, of Los Angeles, chief test pilot for the Douglas Aircraft Co., and former air mail flier.
Richard C. Lewis, Ansonia, Conn., salesman.

Pilot James L. "Monty" Brandon, of Chicago, a flier for 19 years.
Co-pilot A. S. Merrifield of Chicago.

Stewardess Mildred Macek of Chicago.
The airliner was due at Cleveland airport at 10:24 p. m.

OPERATOR SEES PLANE FALLING

Several residents of the vicinity reported flames shot from the craft before it plunged earthward, but Major John Berry, Cleveland airport superintendent, said Radio Operator James C. Wynne saw the plane fall from the airport control tower.

"The plane did not catch fire until the impact," Berry said.

The last radio message from the ship was received at the airport at 10:07 p. m., about eight minutes before the crash. It was:

"Merrifield reporting ship over Parkman, Ohio (45 miles distant). Four thousand feet altitude. Everything O. K."

Airline spokesmen said the liner was directly on its course.

FIRST CASUALTIES IN 11 YEARS

U. A. L. officials said the crash was the first in which there was loss of life on the line's Newark-Cleveland run in 11 years of service.

Pilot Brandon served 11 years as a pilot for U. A. L. and its predecessors.

Miss Macek, 24-year-old nurse, drew her first assignment as an airline stewardess last August. Merrifield had been a U. A. L. co-pilot for three years.

The plane Brandon piloted was a 12-ton all metal Douglas of the sleeper type. While as large as the 21-passenger mainliners, it accommodated 12 persons as a sleeper and 14 for day travel.

Airline officials said the ship did not make the Newark-Cleveland hop as a sleeper, the berths being made up for the Cleveland-Chicago run.

Brostuen was North Dakota's Republican chairman for several years. He was serving his third consecutive term in the state senate. His widow and six children survive.

Malloy To Attend Fire Chiefs' Rally

Fire Chief Vincent Malloy is planning to attend the 21st annual convention of the Ohio Fire Chiefs' association, which will be held at Lima June 7, 8 and 9.

Officers of the association, assisted by Howard J. Manning of the Ohio Inspection bureau and Chief McFarland of Marion, are preparing the program.

Each pleaded guilty before Mayor George Wilson at Canfield and was fined \$10 and costs.

Conkey, 18 years old, gave the officers a four-mile chase, traveling at the rate of 80 miles an hour, before being finally stopped, the patrolmen said.

BASEBALL IN SALEM

In urging changes at Centennial park to provide a better baseball field for hard ball games, the writer in Tuesday's paper revived a suggestion made some time ago. It has merit but probably has never been given proper consideration due to lack of funds.

The park commission, with the help of the Kiwanis club, has made many improvements with limited funds available. Perhaps some means of raising funds for the proposed change can be found, especially if some organization puts the proper punch behind the movement.

This diamond has been used for baseball and football for many years. When Centennial park was known as Evans grove, the athletic field was known as Starlight field. That was many years ago, when most of us were small boys, but we still can remember the famous Starlight team with "Biddy" Kirk as its star hurler. It was a popular spot in those days and it continues to attract baseball teams and fans.

In recent years soft ball has come into its own and each summer several teams are engaged in spirited league games late in the afternoon. To Joe Kelley, manager of the Memorial building, goes credit for making this game popular and he is doing another good job this year of keeping the interest in league games at a high pitch.

There is no reason, however, except for lack of funds, why the park field cannot be put in better condition for hard ball games. This game is regaining some of its popularity on the sandlots and Salem's team in the county league should have better playing conditions.

Why not make it possible for both soft ball and hard ball fans to enjoy the game under the best possible conditions?

YOUTH TO THE FRONT

Organization of a Junior Chamber of Commerce in Salem is a progressive step which augurs well for the future of the city. Its membership is restricted to young men who are beginning to sense their civic responsibilities and who are eager to prepare themselves for the leadership their elders soon must pass on to them.

There are many things at hand to command the attention of this group of fine young men. In attacking the civic problems that confront them from time to time, they will be providing the energy and enthusiasm so important to the progress of their city, and at the same time they will be gathering the experience to qualify them for complete leadership which the future will exact from them.

Their organization should provide the social contacts to bring them more closely and intimately together. Such bonds of friendship will find expression in a mutual desire to be of constantly greater service to their community. Through a study of civic problems they will appreciate more fully the tasks their elders have faced, and thus be more willing to lend a hand and provide the initiative for new and larger tasks.

When young men begin to think, in a collective sense, of their civic duties and responsibilities, there is little danger that their community will falter in its progress. In Salem, youth will carry on when seasoned leaders find the burden too great to continue alone.

SPRING PRACTICE

Lacking too members of enough to make a team, the U. S. supreme court has made a touchdown against American colleges. This is the biggest pigskin event since Ohio State almost licked Notre Dame. It clarifies a muddy situation. Is football part of a college education? The official answer now is "No."

The colleges argued that football was part of a college education and that, because education is an essential function of government, football gate receipts couldn't be nicked for a 10 percent federal tax.

SCHOOL LOBBY BACKS CITIES' RELIEF CAMPAIGN

COLUMBUS, May 25.—Prospects for an early solution of the poor relief financing problem in the Ohio legislature were brightened today by reports that the powerful school lobby had thrown its support behind the large cities hard-pressed for funds.

The school interests will be seeking several million dollars for the school foundation program at another special session contemplated for November, and are trying to win the support of the urban legislators.

Must "Play Ball"

Inasmuch as the foundation school program is of especial benefit to rural areas, it behooves the rural legislators to "play ball" with the city legislators seeking \$17,000,000 for poor relief, an informed source said.

The influence of the school lobby on the rural bloc was reflected in a reduction in the demands of some rural members for a share of any appropriations made by the legislature for relief.

While heretofore the general assembly has had to distribute relief grants among all the counties, regardless of their need, there now has developed sentiment among rural representatives for a distribution on a basis of need. Rural members of the house taxation-relief committee have endorsed this principle of distribution.

An official in the state auditor's office estimated that \$2,000,000 in relief funds is in the hands of coun-

The government, probably not caring a whoop about what football was but panting for that 10 percent grab, dug up so much evidence that big time collegiate football had almost nothing to do with education that there were only two dissenting votes when the supreme court handed down the law.

Each judge deserves a gold football, to be purchased out of the government's 10 percent. The inscription should read: In gratitude for settling an issue which couldn't have been settled any other way.

THE STARS SAY:

For Thursday, May 26

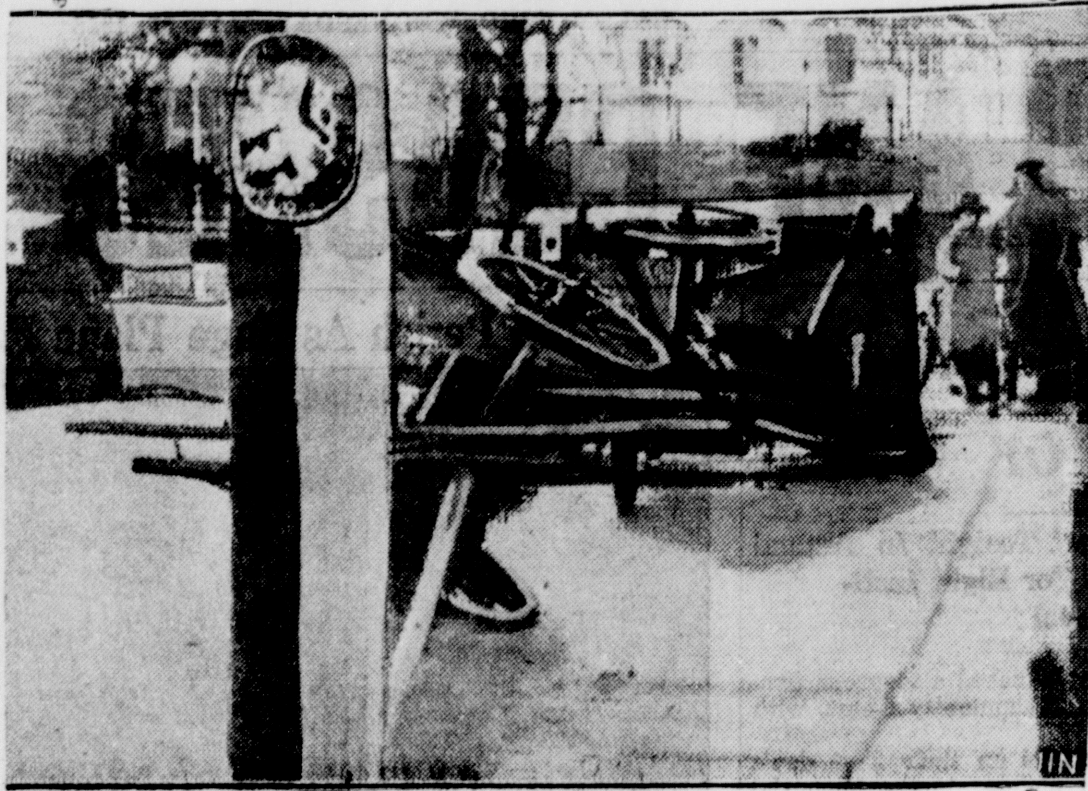

A very propitious state of affairs may be looked for under this day's sidereal direction, with all things under an impetus for action, growth and expansion, particularly in those things relating to business, writings, publishing or promotion. It seems a good time for pushing for new contracts or major undertakings, with finances ready for meritorious propositions.

If This Is Your Birthday

Those whose birthday it is may encounter a year with an outlet for their well-stimulated energies and ambitions, with the support of influential personages awaiting meritorious and practical propositions.

A child born on this day may be ambitious, energetic, capable and have a fine initiative, which may attract financial support for sound business ideas. It should be personally popular, attractive and socially successful.

Czech-German Border Barricaded During Crisis

Farm carts piled in barrier at Eger

Killing of two German farmers by police near the Czechoslovakian border at Eger, an incident which precipitated a crisis of major proportions, resulted in impromptu barriers being erected as fear of open hostilities grew. Conditions improved, however,

after a conference between Konrad Henlein, Nazi leader of the German Sudeten faction, and Premier Milan Hodza of Czechoslovakia, a parley which eased the tension although it did not solve the problem of meeting Henlein's demands for autonomy.

HEALTH

By Dr. Royal S. Copeland, New York City.

WEANING BABY

ALTHOUGH MANY mothers resort to artificial feeding, there are still great numbers who nurse their babies. I am glad of this, and wish there were more who would do so. In spite of the great progress that has been made in improved infant feeding, it continues to be true that breast feeding is far superior to bottle nursing.

Of course, there are many circumstances in which it is difficult or impossible for breast feeding to be practiced. Then, of course, it is necessary to depend on artificial feeding. If a mother has milk of an inferior quality, or because of some constitutional disturbance she is unable to nurse her child, the child must be placed on the bottle.

Not Difficult
There is an all too common belief that weaning is a difficult matter. As a matter of fact, it can be accomplished safely, with little trouble and discomfort, if the proper procedure is followed.

The infant should be given water, orange juice and other fruit juices from a bottle, spoon or cup as early as the third month. This encourages the child to take nourishment other than from the breast. It is a practice that prepares the way for weaning.

Bottle feeding should be gradually substituted for the breast. If the method I suggest is begun early the infant is not likely to make a fuss. It is difficult to coax or force an infant and this becomes necessary when the weaning is too sudden.

For an Emergency

In certain emergencies it may become necessary to wean the young infant quickly. When that is the case it is important to start the artificial feeding with a weaker formula than is the rule at the age and weight of the child. As the child becomes accustomed to the new experience the strength of the formula may be increased. Your doctor will show you how to prepare the feedings.

Do not be misled by the common belief that weaning is a difficult and painful procedure. But, as I see it, breast feeding should always be encouraged. If for a few months only, it will give the infant a good start in life.

HELP STOMACH DIGEST FOOD Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or over-eat—your stomach pours out too much fluid. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over.

Doctors say never take a laxative for stomach pain. It is dangerous and foolish. It takes those little black tablets called Bell's for Indigestion to make the excess stomach fluids harmless, relieve distress in 2 minutes and put you back on your feet. Relief is so quick it is amazing and one the package proves it. Ask for Bell's for Indigestion.

merits of the chest campaign
and stressed that it is the duty of
every worker to carry the message
of community welfare to every in-
dividual possible.

TWO SENTENCES ARE SUSPENDED

Youthful White Slaver,
Negro Minister, Giv-
en Leniency

(By Associated Press)
COLUMBUS, May 25.—A 19-year-
old youth charged with white slav-
ery and a Negro pastor indicted for
using the mails to defraud in con-
nection with the "numbers" racket
were given suspended sentences
yesterday by Judge Meil G. Under-
wood in U. S. district court.
Victor Eggemeier of Chester, Ill.,
was placed on probation for two
years when he told the court that
he took 16-year-old Virginia Opel
into Indiana from her home near
Delaware, O., intending to marry
her.

Arrested Before Ceremony
They were arrested before a cere-
mony was performed, and a federal

a white slave charge. He was in-
structed by the court to return to
his home.
Judge Underwood suspended a six
months sentence in the case of the
Rev. Franklin D. Brownlee, Colum-
bus Negro, but imposed a fine of
\$200 for allegedly furthering the
"numbers" game through writing
letters to his parishioners. Brown-
lee said he was informed by an at-
torney that such a procedure was
not a violation of the law.

each, to be paid.

Harry Lappert of South Perry,
Hocking county, receiving stolen
property, 18 months; Carl Cross of

resentations in applying for a farm
loan, 90 days and two years proba-

on the cases of John M. Christie of

Back to Buggy Days
ATHERTON, Mo.—C. D. McCoy,
a farmer, has ordered a buggy
through George Mueller, a local
merchant.

After some search, Mueller lo-
cated a manufacturer in Lawrence-
burg, Ind. He said the buggy
would be a plain, two-passenger
type of the kind usually drawn by
one horse. The price is \$100 and
McCoy's old buggy.

Rector Elevated
CLEVELAND, May 25.—The Rev.
Beverly D. Tucker of St. Paul's
church of Richmond, Va., was
elected bishop coadjutor of the
Episcopal diocese of Ohio yester-
day by clergy and lay representa-
tives. He will assist Bishop War-
ren Lincoln Rogers of the Ohio
diocese if he accepts the position.

Here is one of the two huge motors of the New York to Cleveland transport plane in which ten persons perished when the ship crashed in flames in a ravine a few miles from Cleveland. Seven of those killed were passengers. The motor was found 150 yards from the wreckage of the plane.

KELLY READY TO RETURN TO JAIL

Says He'll Waive Extradition;
Awaits New York
Authorities

(Continued from Page 1)

der of Harry Smith, a Hornby,
N. Y. farmer, doubt still exists in
the minds of some New Yorkers as
to whether Kelly committed the
crime.

Kelly is alleged to have shot and
killed Harry Smith one June night
19 years ago. Carrie Smith, the
widow, accused Kelly of the crime.
Kelly, who at the time was a
neighbor of the Smiths, claimed the
woman bore a grudge against him.
After two trials, the defendant
was sent to prison to serve from
20 years to life. Kelly was at
liberty for three years, following
his escape April 27, 1927. His free-
dom ended when he was taken into
custody while working on a small
Ohio farm.

Exonerates Kelly
Harry Smith had been dead 15
years when the case took a start-
ling turn. A Mrs. Grace Clark De-
Graw, then a resident of Syracuse,
told a story which, if correct, com-
pletely exonerated Kelly of any
connection with the murder.
Mrs. DeGraw stated in an affi-
davit, which she forwarded to Gov.
Herbert Lehman of New York on
Feb. 24, 1935, that her husband,
Clifford, confessed he murdered
Harry Smith.
Mrs. DeGraw separated from her
husband but when he continued to
molest her, he was committed to
the Binghamton state hospital for
the insane. Today McGraw is in a
similar institution at Danville, Pa.
Mrs. McGraw said that she never
knew Kelly and that she was mak-
ing the affidavit in the interest of
justice.

However, people in the vicinity
of Hornby, N. Y., where the mur-
der occurred, think McGraw's con-
fession was the product of a dis-
eased mind.

PERSONAL TAX FUND BOOSTED

Prosecutor's Letters to Delinquents
Bring In \$8,372 to County
Treasurer

LISBON, May 25.—Prosecutor Karl
Stouffer Tuesday advised members
of the county budget commission
that letters sent by his office to
delinquent personal property tax
payers had resulted in payment of
\$8,372.83 to County Treasurer Olen
Dawson.

The prosecutor has mailed ap-
proximately 1,000 letters in the past
month to delinquents and may pur-
sue the same course in connection
with individuals in arrears with
general property tax payments.
Employment of a clerk to execute
tax liens hinges on a proposed
appropriation by the commissioners,
the prosecutor states.

The report to the commission
also mentions \$6,900 in fines col-
lected for gambling violations in
the county since last fall. The
amount includes assessments levied
against individuals indicted by both
the septemher and April grand
juries.

The commission consists of County
Auditor John Irwin, Treasurer Olen
Dawson and the prosecutor. Daw-
son expects to complete a report
within a few days on all tax de-
linquencies in the county.

PLANE CRASHES NEAR CLEVELAND

Bodies of Nine Men, One
Woman Taken From
Wreckage

(Continued from Page 1)

The flames, easily discernible from
several miles, attracted thousands
to the scene.

Firemen played chemicals on the
burning cabin, and finally drove
the flames from it before the
bodies were destroyed.

A bucket brigade was organized
hastily, but its efforts were feeble
against the blaze, which made parts
of the metal framework white-hot.

The bodies, all blackened and
some hardly recognizable, were re-

moved to the county morgue.
While postal inspectors were con-
tinuing an investigation, the Clevel-
and postoffice reported the plane
carried 560 pounds of mail. Five of
the approximately 15 sacks were re-
covered, the postoffice said, but
their contents were so badly charred
that salvage of any but a few let-
ters was doubtful.

The postoffice said one registered
pouch was believed to be aboard
the plane.
The railway express agency said
the fire evidently destroyed all the
air express.

VETERANS COP ROUND HONORS IN CITY LOOP

Old Timers Defeat Salem Chinas To Win First Round Title

Capturing the first round championship of the Class A Softball league, the Old Timers nipped the Salem Chinas, 3 to 2, at Centennial park last evening in a play-off game for the title.

The play-off was made necessary when the Old Timers and Chinas finished their first round schedules with similar records—five wins and one defeat. Victory in the play-off gives the Old Timers the right to compete in the city championship series at the end of the season.

One run in the sixth inning brought the veterans the win after the score had been deadlocked for four frames. Both teams tallied two runs in the first frame and went scoreless until the sixth when the Old Timers pushed over the run which proved to be the margin of victory. Neither team scored in the seventh frame.

The defeat was a tough one to swallow for Dale Ritchie of the Chinas, who turned in a splendid pitching performance in holding the Old Timers to five hits and striking out 11 batters. George Earley worked the route on the mound for the veterans and gave up eight hits.

Cliff Greenlee, with two hits out of three trips to the plate, and Joe Kelley, with two hits in four trips, led the Old Timers in batting. Earl May had two for three and Grady Odum two for four for the Chinas.

The Methodists pulled into a tie with the Columbians for first place in the Class B league last evening by trouncing the Trinity Lutherans, 17 to 2. It was the M. E. team's fourth win in five games.

Frank Theriault, pitching for the Methodists, held the Trinity Lutherans to two hits.

The Presbyterians gained their fifth victory in seven games in the other Class B contest, defeating the Christians, 7 to 6.

War Admiral Runs Saturday In Belmont Handicap Race

Challenge Contest With Seabiscuit Called Off; Pom-poon Is Most Dangerous Rival

By ORLO ROBERTSON
NEW YORK, May 25.—Now that his match race with Seabiscuit has been cancelled, War Admiral will resume the schedule originally mapped out and hook up with Pom-poon, the three-year-old rival of 1937, in the classic suburban handicap at Belmont park Saturday.

The \$20,000 suburban may not have the public appeal of the \$100,000 War Admiral-Seabiscuit duel, which was called off yesterday after Charles S. Howard, California owner of the Biscuit, reported his colt in no condition to run Monday, but it's likely to be just as good a horse race.

Several other top notch handicap performers will be in the race but the interest will be in

War Admiral Runs Saturday In Belmont Handicap Race

Challenge Contest With Seabiscuit Called Off; Pom-poon Is Most Dangerous Rival

By ORLO ROBERTSON
NEW YORK, May 25.—Now that his match race with Seabiscuit has been cancelled, War Admiral will resume the schedule originally mapped out and hook up with Pom-poon, the three-year-old rival of 1937, in the classic suburban handicap at Belmont park Saturday.

The \$20,000 suburban may not have the public appeal of the \$100,000 War Admiral-Seabiscuit duel, which was called off yesterday after Charles S. Howard, California owner of the Biscuit, reported his colt in no condition to run Monday, but it's likely to be just as good a horse race.

Several other top notch handicap performers will be in the race but the interest will be in

FIGHTERS SET FOR BIG BOUT

Ross and Armstrong Are Ready To Do Battle Thursday Night

By GAYLE TALBOT
NEW YORK, May 25.—Trained like fighting cocks, to quote their respective managers, Barney Ross and Henry Armstrong did little more than flex their muscles and get hair-outs today in final preparation for their 15-round battle for the welterweight championship tomorrow night.

Both completed training without mishap, and unless one of them trips over the scales at the official weighing-in tomorrow noon, they will enter the ring at the big Madison Square Garden bowl in shape for the scrap of their careers.

Ross, the Jewish lad with the flaming spirit, remained a steadfast favorite at 7-to-5 to defend his welterweight crown successfully against the Negro featherweight ruler, whose fear-some record of knockouts in the last two years is unparalleled in modern ring history.

The odds might be considered a tribute to Ross's record of never having done other than fight a man to the limit of his skill and endurance since he became a big-time in 1932.

The record books show that Barney, at 28, will be giving away some four years to his ever-rushing, powerful opponent. But those who have watched the clean-cut boy from Chicago fight over the long span think he still can whip Armstrong or anyone else around his weight.

At 142, or thereabouts, Ross will square off at his very best fighting weight. Armstrong, on the other hand, has been forced to build himself up to 139 for the weigh-in, and some cagey fighting men think he might feel those extra pounds.

Quaker A. C. Nine Whips Wellsville
Five-hit pitching by Jiggs Hrovatic enabled the Quaker A. C. to snap out a 5 to 3 victory over the Westville Lake nine at the Westville diamond. C. Fryfogel and L. Israel worked on the mound for Westville, allowing seven hits.

INDIANS SHOW STRENGTH, BUT WILL IT LAST?

Tribe Displays Stuff To Make Winner On Home Diamond

By HUGH S. FULLERTON, Jr.
Associated Press Sports Writer.
The Cleveland Indians, who have not won the American league pennant since 1920, although they often have threatened to take the flag, may turn out to be a very tough team to beat this season in spite of everything.

In this case, "everything" includes the fact that Oscar Vitt, their new manager, hardly expects to turn a fourth-place club into a pennant-winner in one season; that they have had the habit for years of falling apart in mid-season; that they're a notoriously weak road club, and that those murderous Yankees still are hanging around.

The Indians, however, have accomplished a couple of notable feats on their current home stand. They climbed back to the lead after dropping to third place in the east. They won six out of seven games from eastern rivals, and they turned back the Yanks twice in two days.

The pitching of Johnny Allen, a former Yankee, and the clouting of Earl Averill enabled the Tribe to win 9-5 yesterday and drop New York into third place. The Boston Red Sox, who took over second with a 5-4 triumph over the Detroit Tigers, invade Cleveland today for a two-game series.

The only other game which altered the standings was the Boston Bees' 10-9 triumph over Cincinnati, which sent them back into third place, a half-game up on the Reds. Trailing 9-1 after Cincinnati's five-run rally in the sixth, the Bees rallied vigorously in three successive innings to win out.

New York's league-leading Giants beat the St. Louis Cardinals, 9-4. Chicago's Cubs kept pace, 2½ games behind, by trimming Brooklyn, 10-4.

Chicago's injury-ridden White Sox got some good news when Monte Stratton, laid up since March with a lame arm, came back to pitch them to a 10-3 decision over Washington.

Lynn Nelson's five-hit flinging and a well timed attack enabled the Athletics to whip the St. Louis Browns, 6-1. Pittsburgh's game at Philadelphia was rained out.

REMAIN IN TIE IN GRADE LOOP
Columbia and McKinley Gain Fourth Wins In League

Remaining in a tie for the lead in the McKinley-McGraw softball league for grade school teams, Columbia and McKinley chalked up their fourth victories in games yesterday.

Columbia walloped Fourth Street mushballs, 25 to 7, while McKinley took the measure of St. Paul's school, 9 to 7. Columbia and McKinley will play Saturday morning for the league championship.

A scheduled game between Prospect and Rely was won by the latter school on a forfeit. Summaries of yesterday's other games follow:

Breezy Briefs Of Sport From Brietz To You

By EDDIE BRIETZ

NEW YORK, May 25.—Al Johnson, who once owned Henry Armstrong, and a party of screen stars, are flying from Hollywood in two chartered planes with \$50,000 to shoot on Henry ... just before the Seabiscuit ... War Admiral match race was called off, a friend offered C. S. Howard, owner of Seabiscuit, three \$30 seats to the Louis-Schmeling fight for one reserved seat to the race ... that's how hard those duets were to get, boys.

This corner picks Armstrong to stop Ross within 11 rounds ... x.x.x would Pepper Martin, sole survivor of the St. Louis Gas House Gang, like to be sold or traded away from the banks of the Mississippi? ... Some says yes. ... Broadway hears Morton Moss, poetic sports writer of the N. Y. Evening Post, will be the new sports editor of International News Service, succeeding Davis J. Walsh, who is transferring to San Francisco as columnist for the Call-Bulletin.

Old Jack Blackburne, who trains Joe Louis, picks Ross to murder Armstrong ... quite a lightweight in his day. Jack ranks Barney among the greatest three 135-pounders of all time, including Joe Gans and Benny Leonard ... Leonard, by the way, has shifted from Armstrong to Ross. The Dallas Steers are hoping to get someplace in the Texas league with a Mize and a Dykes in the lineup ... Giants are still on a quiet hunt for a second sacker to fill in until Whitehead gets back.

HIGH ATHLETES IN STATE MEET
Expect Records To Fall In Annual Track and Field Events

By FRITZ HOWELL
COLUMBUS, May 25.—H. R. Townsend, state high school athletic commissioner, predicted today that Ohio's scholastic track and field athletes would go on a record-breaking spree Friday and Saturday, should favorable weather be on tap for the annual championship meet.

In the district qualifiers eight marks were registered which topped winning performances in last year's contests, while two state records were bettered and another tied.

"Jabbo" Giles of Newark bettered the shot put record of 60 feet 11½ inches set in 1930 by Davis of East Tech, heaving the lead ball 53 feet one inch in the central district event.

Along with the track and field stars, the tennis, golf and baseball players will decide state titles Friday and Saturday.

Schools winning their way into the golf competition included Mansfield, Lima Central and Jackson. Rain disrupted the baseball and tennis schedules in the districts, but all the qualifiers were expected to be named before Friday morning.

In the Class A baseball list St. Clairsville, Canton McKinley and Logan were "in," along with Sherrodsville, Leavittsburg, Coldwater and Pemberville in Class B.

Tennis meet entrants, with more to come, included Canton McKinley, Wilmington and Springfield.

The finals in the golf, tennis and baseball sections will start Friday and continue through Saturday. Preliminaries in the track meet will be held Friday with all championship events slated Saturday.

The final big tournament of the summer schedule will be for the club championship. This will start Aug. 21 and continue until the champion is selected on or before Sept. 24. No handicaps will be allowed in this tournament and only 18 will qualify for match competition.

Handicaps for the club's golfers are to be set this week by the contest committee. The handicaps are subject to change, according to improvement or decline in the players' games.

Sunday, June 5—18 holes match play against par tournament; full handicaps allowed.

Interest Is High At Salem Links; Two Tournaments Start 1938 Season This Week-end

Blind Bogey Planned For Sunday; Flag Tournament Listed For Monday; Rebuilt Greens Expected To Be Ready For Tournaments

Prepared for one of their biggest seasons in recent years, members of the Salem Golf club were ready today for the official 1938 opening of their hilly nine-hole course this coming weekend.

Tournaments Sunday and Monday will signal the start of club-sponsored competition which will continue weekly until after Labor day. A blind bogey tournament and qualifying rounds for the C. C. Gibson Memorial tournament will be held Sunday, while a flag tourney has been planned for Monday, Memorial day.

The weekend activities at the club will also include a chicken dinner for members Monday and a dance for members and their guests Saturday.

Although the official opening is not until this weekend, the club has witnessed an unusual amount of pre-season activity by golfers crushing up on their game before tournaments start.

Officials of the club report that the course has already had more play for this time of year than it has had in several years. Warm weather in April and the early part of May is believed to have helped boost the amount of pre-season play.

Rain cut down on the activity last week, but fair weather Sunday attracted a large number of mashe swingers to the course.

A number of improvements have been made in the nine-hole layout, including the rebuilding of greens on the first, second, sixth and eighth holes. The rebuilt greens are expected to be ready for use in the opening tournaments.

The greens on the third, fourth, fifth, seventh and ninth holes are all in good shape, as are all the fairways, despite the recent heavy rains. The majority of the fairways and greens dry out quickly, due to the hilly layout of the course. New sand has been secured for the traps.

Three major tournaments have been planned by the men's contest committee, headed by N. I. Walker and including the following other members: Dr. F. R. Crowder, Dr. R. T. Holzbach, Robert Wright, Joe M. Kelley and John T. Burns. Various other tournaments will be held in between the major events to fill out the summer schedule.

The major events are the C. C. Gibson
